

Mortgage Smart Home Loan and Mortgage Smart Plus

In September, we decided to change the name of our Owner Occupied Home Loans to Mortgage Smart Home Loan. Now we would like to offer a new account to all of our Mortgage Smart Home Loan borrowers.

The new account is called Mortgage Smart Plus (S12) which offers even greater level of benefits than a General Savings Account (S1). Some of the features of the Mortgage Saver Plus (S12) include:-

- Fee Free Personal Transaction Account
- Visa Card Access
- Optional Overdraft Facility
- Credit Interest paid on funds in your account at Cash Management Rates.

We encourage members with a Mortgage Smart Home Loan to take advantage of this new account and contact your local branch to change your existing "S" account over to a Mortgage Smart Plus.

Now that is a Smart move!
